

The Outcome Report

Participation dates:

1. July 13, 2020 – Oral Presentation “*Characterization of contemporary fire regimes in Russian boreal forest under impact of climate change and anthropogenic alterations: Thematic study of the Sakha Republic (Yakutia)*” at DFS session “[M-IS02] “Environmental, socio-economic and climatic changes in Northern Eurasia”.
2. July 13 – July 19, 2020 – Poster Presentation “*Characterization of contemporary fire regimes in Russian boreal forest under impact of climate change and anthropogenic alterations: Thematic study of the Sakha Republic (Yakutia)*” (in online form).

Results:

1. I received a feedback, which I have used to prepare for Final Examination of my Doctoral dissertation entitled as “*Spatiotemporal Characterization of Contemporary Fire Regimes in Russian Boreal Forest under Impact of Climate Change and Increasing Anthropogenic Activity*”, which was hold on August 4, 2020.
2. I received invitation to pass job interview for postdoctoral researcher position at one of the Japanese leading research universities. It will be held in the mid of August 2020.
3. I received invitation to participate in the American Geophysical Union Meeting 2020, which will be held in December 1-17, 2020 in Online form.

I am planning to join a Panel Session on forest disturbances and disturbance interactions entitled as “*Forest Disturbance in the Context of Shifting Climate: Understanding Disturbances and their Interactions as Agents of Forest Changes*”. I plan to present there the outcomes from my Doctoral Thesis and possibly some new results.

4. I hope to use the outcomes of my participation in this conference when I will do my postdoc. Recently I received an official invitation for job interview for the postdoctoral researcher position in one of leading research institutes in the field of the Earth Sciences in Japan.
